**Is this form required?**

This form must be completed to apply for free or reduced-price school meals, unless:

- (1) Your school provides free school meals to all students without applications from households (*Community Eligibility Provision, Provision 2 or Provision 3*) or
- (2) You were notified that your children have been directly certified for school meal benefits based on foster care status or participation in the Supplemental Nutrition Assistance Program (SNAP), Minnesota Family Investment Program (MFIP) or Food Distribution Program on Indian Reservations (FDPIR).

**Privacy Act Statement / How Information Is Used**

The Richard B. Russell National School Lunch Act requires the information on this application. You do not have to give this information, but if you do not we cannot approve your child for free or reduced-price school meals. You must include the last four digits of the Social Security number of the adult household member who signs the application. The last four digits of the Social Security number are not required when you apply on behalf of a foster child, or you provide an MFIP, SNAP or FDPIR assistance number, or you indicate that the adult household member signing the application does not have a Social Security number.

Only authorized officials will have access to the information that you provide on this form. We will use your information to determine if your child qualifies for free school meals, and for administration and enforcement of the school meal programs. We *may* share your information with other education, health, and nutrition programs to help them evaluate, fund or determine benefits for their programs, with auditors for program reviews, and with law enforcement officials to help them look into violations of program rules. We require written consent from you before sharing information for other purposes.

Please provide the requested information about children’s race and ethnic identity. This information is not required and does not affect approval for program benefits. We use the percentages of participants in each racial/ethnic category to check that our program is operated in a nondiscriminatory manner in compliance with federal civil rights laws

At public school districts, each student’s school meal status also is recorded on a statewide computer system used to report student data to the Minnesota Department of Education (MDE) as required by state law. MDE uses this information to: (1) Administer state and federal programs, (2) Calculate compensatory revenue for public schools, and (3) Judge the quality of the state’s educational program.

Information provided on this form may be shared with Minnesota Health Care Programs, unless the person completing this form has checked the box in Step 4 to not share information for that purpose.
